1 Certain comparative amounts have been re-presented or restated to conform with the current period's presentation. This includes but is not limited to:

- From 2025, the Board approved the establishment of a new operating segment, W Living, comprising BIG W, Petstock, Healthylife and Woolworths MarketPlus (WMP). WMP includes BIG W Market, MyDeal and Everyday Market. In addition to Everyday Market and Healthylife moving from Australian Food to W Living, the change in segment reporting has also impacted the Other segment, with Petstock and WMP (including MyDeal) moving to W Living. In addition, the Group updated its sales disclosure to the consolidation method where intersegment sales are disclosed. Accordingly, the Group restated the amounts presented in 2024 to reflect these changes.
- From 2023, the Group reclassified the costs of running the distribution centres from branch and administration expenses to cost of sales, which resulted in better overall visibility of the margins of the products that the Group sells. Separately, the Group reclassified the presentation of its eCommerce overheads from cost of sales to branch and administration expenses to align with the presentation of other similar costs, such as store labour in branch and administration expenses. Accordingly, the Group restated the amounts presented in 2022 and 2021 to reflect these changes;
- From 2023, for segment reporting purposes, the Australian Food segment now includes amounts relating to Woolworths at Work, the Group's B2B-focused eCommerce business, which was previously reported in Australian B2B. Accordingly, the Group has restated the amounts presented in 2022 to reflect these changes;
- From 2022, the Board approved the establishment of a new operating segment, Australian B2B. In accordance with AASB 8 *Operating Segments*, the amounts presented in 2021 were restated to reflect the newly reportable segment as a separate segment; and
- In 2021, the Group classified the Endeavour Drinks and Hotel businesses (Endeavour Group) as discontinued operations. Accordingly, the profit or loss from Endeavour Group is presented separately from its continuing operations.

2 Other consists of the Group's operating segments that are not separately reportable, including Quantium (from 2022), MyDeal (from 2023) and support functions including property and support office. From 2025, as a result of the new W Living operating segment, MyDeal moved from Other to W Living and accordingly 2024 was restated to reflect this change.

Five Year Summary

NOTES TO PROFIT OR LOSS

3 Significant items represent:
- In 2025, the BIG W impairment of $346 million before tax ($264 million after tax), support office and store operating model redundancy and restructuring costs of $146 million before tax ($104 million after tax), MyDeal impairment and closure costs of $52 million before tax ($38 million after tax), Healthylife impairment of $17 million before tax ($16 million after tax) and other net costs of $8 million before tax (net nil after tax);
- In 2024, the New Zealand Food impairment of $1,505 million before tax ($1,501 million after tax), impact from the loss of significant influence over Endeavour Group Limited of $209 million before tax ($209 million after tax) and gain on revaluation of put option liabilities over non-controlling interests of $107 million before tax ($107 million after tax);
- In 2023, supply chain network review costs of $32 million before tax ($22 million after tax), net loss on exit of the Summergate business of $30 million before tax ($30 million after tax), end-to-end payroll review remediation costs of $61 million before tax ($43 million after tax), revaluation expense on revaluation of put option liabilities over non-controlling interests of $41 million before tax ($41 million after tax) and BIG W network review gain of $47 million before tax ($33 million after tax);
- In 2022, the gain on demerger of Endeavour Group of $6,387 million before tax ($6,387 million after tax), end-to-end payroll review remediation costs of $165 million before tax ($115 million after tax), supply chain network review gain of $24 million before tax ($17 million after tax), revaluation of put option liabilities over non-controlling interests of $164 million before tax ($164 million after tax), additional share-based payments expense as a result of the Endeavour Group demerger of $46 million before tax ($46 million after tax) and the gain on sale of Endeavour Group shares held by the trust of $24 million before tax ($13 million after tax); and
- In 2021, gain on disposal of previously held equity interest in Quantium of $221 million before tax ($221 million after tax), transaction costs of $68 million before tax ($53 million after tax), Metro asset impairment of $50 million before tax ($35 million after tax), and supply chain network review of $44 million before tax ($31 million after tax);

4 All periods are based on Group before significant items except for 2021, which exclude Endeavour Group as it was classified as discontinued operations.

Ratios are calculated on unrounded figures.

1 Certain comparative amounts have been re-presented or restated to conform with the current period's presentation. This includes but is not limited to:
- From 2025, the Board approved the establishment of a new operating segment, W Living, comprising BIG W, Petstock, Healthylife and Woolworths MarketPlus (WMP). WMP includes BIG W Market, MyDeal and Everyday Market. In addition to Everyday Market and Healthylife moving from Australian Food to W Living, the change in segment reporting has also impacted the Other segment, with Petstock and WMP (including MyDeal) moving to W Living. In addition, the Group updated its sales disclosure to the consolidation method where intersegment sales are disclosed. Accordingly, the Group restated the amounts presented in 2024 to reflect these changes.
- From 2023, the Group reclassified the costs of running the distribution centres from branch and administration expenses to cost of sales, which resulted in better overall visibility of the margins of the products that the Group sells. Separately, the Group reclassified the presentation of its eCommerce overheads from cost of sales to branch and administration expenses to align with the presentation of other similar costs, such as store labour in branch and administration expenses. Accordingly, the Group restated the amounts presented in 2022 and 2021 to reflect these changes;
- From 2023, for segment reporting purposes, the Australian Food segment now includes amounts relating to Woolworths at Work, the Group's B2B-focused eCommerce business, which was previously reported in Australian B2B. Accordingly, the Group has restated the amounts presented in 2022 to reflect these changes;
- From 2022, the Board approved the establishment of a new operating segment, Australian B2B. In accordance with AASB 8 *Operating Segments*, the amounts presented in 2021 were restated to reflect the newly reportable segment as a separate segment; and
- In 2021, the Group classified the Endeavour Drinks and Hotel businesses (Endeavour Group) as discontinued operations. Accordingly, the profit or loss from Endeavour Group is presented separately from its continuing operations.

2 Group Normalised ROFE calculated using EBIT before significant items, adjusted to remove the impact of the 53rd week in 2024, was 15.7%

3 Return on funds employed (ROFE) is calculated as EBIT before significant items for the previous 12 months as a percentage of average (opening, mid and closing) funds employed.

Five Year Summary

NOTES TO SHAREHOLDER VALUE

4 Significant items represent:
- In 2025, the BIG W impairment of $346 million before tax ($264 million after tax), support office and store operating model redundancy and restructuring costs of $146 million before tax ($104 million after tax), MyDeal impairment and closure costs of $52 million before tax ($38 million after tax), Healthylife impairment of $17 million before tax ($16 million after tax) and other net costs of $8 million before tax (net nil after tax);
- In 2024, the New Zealand Food impairment of $1,505 million before tax ($1,501 million after tax), impact from the loss of significant influence over Endeavour Group Limited of $209 million before tax ($209 million after tax) and gain on revaluation of put option liabilities over non-controlling interests of $107 million before tax ($107 million after tax);
- In 2023, supply chain network review costs of $32 million before tax ($22 million after tax), net loss on exit of the Summergate business of $30 million before tax ($30 million after tax), end-to-end payroll review remediation costs of $61 million before tax ($43 million after tax), revaluation expense on revaluation of put option liabilities over non-controlling interests of $41 million before tax ($41 million after tax) and BIG W network review gain of $47 million before tax ($33 million after tax);
- In 2022, the gain on demerger of Endeavour Group of $6,387 million before tax ($6,387 million after tax), end-to-end payroll review remediation costs of $165 million before tax ($115 million after tax), supply chain network review gain of $24 million before tax ($17 million after tax), revaluation of put option liabilities over non-controlling interests of $164 million before tax ($164 million after tax), additional share-based payments expense as a result of the Endeavour Group demerger of $46 million before tax ($46 million after tax) and the gain on sale of Endeavour Group shares held by the trust of $24 million before tax ($13 million after tax); and
- In 2021, gain on disposal of previously held equity interest in Quantium of $221 million before tax ($221 million after tax), transaction costs of $68 million before tax ($53 million after tax), Metro asset impairment of $50 million before tax ($35 million after tax), and supply chain network review of $44 million before tax ($31 million after tax);

5 Service burden is net profit before income tax (before significant items) expressed as a percentage of EBIT (before significant items).

6 Tax burden is profit after income tax (before significant items) attributable to shareholders expressed as a percentage of profit before income tax (before significant items).

7 Asset turnover is total sales divided by average (opening and closing) total assets for the period.

8 Financial leverage is average (opening and closing) total assets divided by average (opening and closing) shareholders' equity for the period.

9 Return on equity is profit after income tax (before significant items) attributable to shareholders, divided by average (opening and closing) shareholders' equity for the period.

10 In 2021, Endeavour Group separately paid a dividend reflecting its earnings from the second half of the reporting period. The combined dividend from Woolworths Group and Endeavour Group is consistent with Woolworths Group's historical payout ratio.

11 Excluding the gain on demerger of Endeavour Group of $6,387 million, the 2022 ordinary dividend payout ratio and price to earnings ratio would have been 72.2% and 28.6 times respectively.

12 The 2025 final dividend declared on 27 August 2025 is payable on or around 26 September 2025, and is not provided for as at 29 June 2025. Record date for determining entitlement to the 2025 final and dividend is 3 September 2025.

13 Represents the anticipated dividend based on the shares on issue at the reporting date. This value will change if there are any shares issued between the date of this report and the ex-dividend date.

14 Excludes special dividend relating to 2024 of 40 cents per share, which equates to $489 million.

Ratios are calculated on unrounded figures.

1 Certain comparative amounts have been re-presented or restated to conform with the current period's presentation. This includes but is not limited to:
- From 2025, the Board approved the establishment of a new operating segment, W Living, comprising BIG W, Petstock, Healthylife and Woolworths MarketPlus (WMP). WMP includes BIG W Market, MyDeal and Everyday Market. In addition to Everyday Market and Healthylife moving from Australian Food to W Living, the change in segment reporting has also impacted the Other segment, with Petstock and WMP (including MyDeal) moving to W Living. In addition, the Group updated its sales disclosure to the consolidation method where intersegment sales are disclosed. Accordingly, the Group restated the amounts presented in 2024 to reflect these changes.
- From 2023, the Group reclassified the costs of running the distribution centres from branch and administration expenses to cost of sales, which resulted in better overall visibility of the margins of the products that the Group sells. Separately, the Group reclassified the presentation of its eCommerce overheads from cost of sales to branch and administration expenses to align with the presentation of other similar costs, such as store labour in branch and administration expenses. Accordingly, the Group restated the amounts presented in 2022 and 2021 to reflect these changes;
- From 2023, for segment reporting purposes, the Australian Food segment now includes amounts relating to Woolworths at Work, the Group's B2B-focused eCommerce business, which was previously reported in Australian B2B. Accordingly, the Group has restated the amounts presented in 2022 to reflect these changes;
- From 2022, the Board approved the establishment of a new operating segment, Australian B2B. In accordance with AASB 8 *Operating Segments*, the amounts presented in 2021 were restated to reflect the newly reportable segment as a separate segment; and
- In 2021, the Group classified the Endeavour Drinks and Hotel businesses (Endeavour Group) as discontinued operations. Accordingly, the profit or loss from Endeavour Group is presented separately from its continuing operations.

2 Significant items represent:
- In 2025, the BIG W impairment of $346 million before tax ($264 million after tax), support office and store operating model redundancy and restructuring costs of $146 million before tax ($104 million after tax), MyDeal impairment and closure costs of $52 million before tax ($38 million after tax), Healthylife impairment of $17 million before tax ($16 million after tax) and other net costs of $8 million before tax (net nil after tax);
- In 2024, the New Zealand Food impairment of $1,505 million before tax ($1,501 million after tax), impact from the loss of significant influence over Endeavour Group Limited of $209 million before tax ($209 million after tax) and gain on revaluation of put option liabilities over non-controlling interests of $107 million before tax ($107 million after tax);
- In 2023, supply chain network review costs of $32 million before tax ($22 million after tax), net loss on exit of the Summergate business of $30 million before tax ($30 million after tax), end-to-end payroll review remediation costs of $61 million before tax ($43 million after tax), revaluation expense on revaluation of put option liabilities over non-controlling interests of $41 million before tax ($41 million after tax) and BIG W network review gain of $47 million before tax ($33 million after tax);
- In 2022, the gain on demerger of Endeavour Group of $6,387 million before tax ($6,387 million after tax), end-to-end payroll review remediation costs of $165 million before tax ($115 million after tax), supply chain network review gain of $24 million before tax ($17 million after tax), revaluation of put option liabilities over non-controlling interests of $164 million before tax ($164 million after tax), additional share-based payments expense as a result of the Endeavour Group demerger of $46 million before tax ($46 million after tax) and the gain on sale of Endeavour Group shares held by the trust of $24 million before tax ($13 million after tax); and
- In 2021, gain on disposal of previously held equity interest in Quantium of $221 million before tax ($221 million after tax), transaction costs of $68 million before tax ($53 million after tax), Metro asset impairment of $50 million before tax ($35 million after tax), and supply chain network review of $44 million before tax ($31 million after tax);

3 Growth rates are calculated based on the continuing operations of the Group at the end of the respective reporting period. For comparability purposes, growth rates have not been restated.

4 All periods are based on Group before significant items except for 2021, which excludes Endeavour Group as it was classified as discontinued operations.

Five Year Summary

NOTES TO GROWTH RATES AND FINANCIAL STRENGTH

5 Service cover ratio is EBIT (before significant items) divided by net finance costs.
6 Fixed charges cover is EBITDAR (before significant items) divided by rent and net finance costs. Rent and net finance costs include capitalised interest, but exclude foreign exchange gains/losses and dividend income.
7 Sales to inventory is total sales divided by average (opening and closing) inventory including discontinued operations.
8 Capital expenditure to EBITDA is payments for property, plant and equipment and intangible assets divided by Group EBITDA (before significant items).
9 Operating cash flow per share is the net cash provided by operating activities divided by weighted average shares on issue.
10 Serviced gearing is cash and borrowings together with derivatives, divided by cash and borrowings, derivatives, plus total equity. Ratios are calculated on unrounded figures.

Ratios are calculated on unrounded figures.
